Such firmness as the list manifested during the morning was due chiefly to further buying of rails, equipments, ateels and oils. "Nickel Plate" rose 31½ and Reading gathing 1 to 11½. Associated Oil kept pace with the demand for Southern Pacific, Royal Dutch more than recovered its early loss and Lackawanna was added to the stronger steers, although Crucible continued to react. Meantime there was renewed selling of rubber and to-bacco issues, also United Fruit, Sears, Rosouck and International Paper. Cail money opened at 9 per cent, and a new low record for Italian remittances featured the foreign exchange market. The tone of the market became more uncertain during the quiet midsession. United Pruit increased its loss to five points and United States, Rubber remained under pressure, but Mexican and Pan-American oils made further advances with transcontinental rails.

McCloskey Suffered Seven Years From Rheumatism-Now Free From Trouble

"I am feeling so fine since taking Tanlac that I can't tell I ever suf-fered with rheumatism in my life," said Michael McCloskey, for fifteen years an employe of the California Plate Glass and Paint Co., living at 307% West Second St., Los Angeles,

"For seven or eight years," he con-tinued, "I had been bothered with a bad case of rheumatism in my right leg all the way down to my ankle. My muscles were drawn up and if I stoop ed over the pains were so bad I could hardly stand them. At times I had severe spells that nearly knocked me out entirely, and while I managed to hold on to my job, it was all I could do to keep up till night came. Nearly every night as soon as I got in bed that dull, heavy ache would start up and sometimes I hardly slept a wink It looked like the more treatments i tried the worse I got and I became so weak and run down I could hardly get

"Finally I tried Tanlac and it was went straight after my rheumation and I felt so much better after taking the first bottle that I got a second, Then I bought another and now all traces of the rheumatism have left me and I am on the job every minute of the day. I sleep like a log all night and my appetite is so fine that I am hungry all the time. I have already gained ten pounds in weight and I am feeling better and stronger than I have in many years. I will always have a me back on my feet after everything
